Surf Bar

Restaurant:

Cheddar's

Hi! My name is Jess, and I'm excited to be a part of this school family. I will be the 5th and 6th grade Teachers Assistant this year! I have worked with children for the past year and a half in a classroom, where I discovered how much I enjoy encouraging and helping kids learn and grow. While my degree is in Graphic Design, I've always had a creative spirit and love finding fun, engaging ways to connect with children. I'm also a mom to three wonderful boys, ages 12, 6, and 4, who have taught me patience, flexibility, and the importance of creating a caring and positive environment. My hope is to reflect Christ's love through kindness, patience, and compassion while helping each child grow! I look forward to building meaningful relationships with each child and partnering with families to make this a wonderful year of learning and growth.
