Hello! My name is Tara Cantwell and I am overjoyed to be your child's teacher. I am a graduate of Oklahoma State University and Mid-America University. I began teaching math and computer science classes at the junior high and high school levels in 2011. I took a step back when our daughter started Kindergarten in the fall of 2016. During the summer of 2022, I decided it was time for me to go back into the classroom. I found my way to SACS and I absolutely love being here!

Ben and I have been married since 2009 and we have an 11-year old daughter named Haiden. We spend our time bouncing between our parents' homes, doing all the Disney things and watching Haiden at horse riding shows and archery tournaments. We have a crazy Husky/Collie mix dog named Pixie.

I'm so excited to be back in the classroom, and even more so with your children. The world through their eyes is a beautiful place!
