Hi! My name is Sharon DiBiase (pronounced Dee-beeawe-see). I am so excited to teach P.E. at The Schools at St. Andrew's! I began working as a substitute teacher at The Schools in 2018 and joined the staff full time in January 2022. I absolutely love teaching physical education and getting to know every single child in the school! We are a military family. My husband is retired Air Force and our oldest son is now in the Army. Our other son is a third-grader at SACS. I have a B.S. degree in Social Psychology and love that I can use time in P.E. class to encourage students and hopefully help them have an even better day! Your student may come home singing a song of "We Never Pick Our Nose in Ms. Sharon's Class". While they will all learn the song, they do not all put the words into action; but we are working on it! I am looking forward to a great year!
