Swadley's BBQ

Hello! My name is Julie Russell and I am excited to be the Math and Science teacher for upper elementary this year. In 2001 I earned my B.S. in Geophysics from the University of Texas at Austin. I have 3 girls: Ella, Katie, and Morgan. I have been a parent in this school and happy to be teaching this year.

“Train up a child in the way he should go, and when he is old he will not depart from it.”

Proverbs 22:6
